

The Contemporary Internet

By Leslie Haddon

Peter Gmbh Lang Mrz 2011, 2011. Buch. Condition: Neu. Neuware - The contemporary internet focuses on user experiences of more recent developments on the internet, specifically with the spread of broadband, the audio-visual applications it has enabled, Web2.0 uptake more generally and the growth of eGovernment. The Contemporary Internet is comparative in two senses. The first is at the cross-national level, examining factors affecting different countries' experiences of the internet, with a particular, but not a sole, interest in what may be termed 'cultural influences on perceptions, adoption and use'. Second, the book is comparative within countries, examining the, sometimes very, uneven experiences of the internet's possibilities. One question that pervades several chapters is how the digital divide is evolving in the light of the more contemporary developments outlined above. 210 pp. Englisch.

Reviews

Extremely helpful for all class of people. We have read through and that i am confident that i am going to going to read through again again down the road. Its been designed in an exceedingly basic way in fact it is simply following i finished reading this pdf in which in fact altered me, alter the way i think.

-- Noel Stanton

Absolutely one of the best pdf We have ever read. I really could comprehended every little thing using this written e book. I am easily could get a satisfaction of reading a written publication.

-- Dr. Odie Hamill
